

## **ATTACHMENT A**

### **REMARKS**

Regarding the absence of Figures 15 and 16, these figure numbers are no longer used, having been replaced by Figures 14I to 14Q. To explain, the original Figures 14, 15 and 16 also included therein Figures A to H, Figures I to P and Figure O, respectively. To eliminate this confusing double figure numbering, these three figures (Figures 14, 15 and 16) were renumbered as Figures 14A to 14Q in a prior submission. The Brief Description of the Drawings has been amended accordingly, and Figures 15 and 16 are no longer referred to.

Regarding Figures F12A and F12B, these figures are based on original "Figura F2" (sheet 28/28). Because this figure is not mentioned anywhere in the original specification and is unnecessary, Figures F12A and F12B have simply been canceled.

Applicant has made an earnest effort to fully address the issues here. If any problems remain, please contact the undersigned at the given number.

Favorable action is respectfully solicited.
